Summary

Currently pursuing my B.Tech in Computer Science and Engineering, I am on track to graduate in 2028. My academic journey is focused on gaining a robust understanding of computer science principles and their practical applications. Eager to apply my knowledge and skills in real-world scenarios, I am actively seeking opportunities to contribute to innovative projects and gain hands-on experience in the tech industry. I am particularly interested in developing my skills and expertise in [software development, solving real world problem using IOT and technology etc,].

Experience

Feb 2025 - PRESENT

●

Founder
NagrikAI
Selected by Innovation Hub AKTU to showcase my startup, Nagrik AI (incubated at KIPM Innovators Foundation), at the AI Manthan 2026 exhibition. Honored to receive a Certificate of Appreciation directly from the Honorable Governor of Uttar Pradesh for the presentation.

Education

2023 - 2024

●

Central Hindu School ,Gorakhpur
Intermediate • Science • Computer Science And Engineering
Percentage - 85%

2024 - 2028

●

KIPM College of Engineering & Technology, Gorakhpur
Graduation • B.Tech/BE (Bachelor Of Technology/Bachelor Of Engineering) • Artificial Intelligence

Certification

Certificate of Appreciation Awardee, AI Manthan 2026 (AKTU)

[Certificate Link](#)

Successfully showcased Nagrik AI among top startups selected by the Innovation Hub AKTU. Received this prestigious certification directly from the Governor of UP([Smt. Anandiben Patel](#)).

Latest Trends in IT Industry – Certificate of Participation DigiCoders Technologies Pvt. Ltd. | 2025

Gained insights into the latest advancements, tools, and innovations in the IT sector.
Demonstrated strong understanding by securing 10/10 in the assessment.
Improved industry awareness and technological adaptability

TATA Crucible Quiz Participation (2025)

[Certificate Link](#)

Selected to participate in the TATA Crucible Campus Quiz 2025, a prestigious national-level business quiz organized by the Tata Group.

Participant – AICTE HEIs Engagement AI Pre-Summit (IndiaAI Impact Summit 2026)

[Certificate Link](#)

Contributed to the IndiaAI Impact Summit 2026 pre-summit engagement, focused on innovation and AI-driven solutions shaping the future of the IndiaAI Mission.

Certificate of Excellence – Logic League (Top Performer)

[Certificate Link](#)

Recognized as a Top Performer in *Logic League – 3rd Week*, organized by Tech-A-Thon (The Computer Science Society of ARSD College) on the Unstop platform. Demonstrated strong logical reasoning, excellent problem-solving skills, and consistent performance throughout the competition.

AI Innovator | India AI Impact Buildathon 2026

[Certificate Link](#)

Selected to compete in a national-level AI hackathon organized by GUVI and HCL. Demonstrated technical curiosity and initiative by developing AI-driven solutions addressing real-world national problems among 40,000+ participants.

Certificate of participation

[Certificate Link](#)

Participated in BizQuest of Provista’25, a management and business strategy event organised by Sankalp – The Management Society of Aryabhatta College, Delhi University (DU) and hosted on Unstop. The event involved solving real-world business challenges that required analytical reasoning, strategic thinking, and innovative problem-solving skills.

Skills

- C Programming Language
- HTML
- Management Skills
- Objectivity
- Python Scientific Libraries (NumPy, SciPy, Pandas)

Projects

1.SwaDrive

[🔗 Project Link](#)

This is a platform where mechanics can repair vehicles that break down on the roadside, and if you need to get your vehicles serviced from the comfort of your home, you can do it through this.

2.PathSense

[🔗 Project Link](#)

Developed a Smart Assistive Navigation Cane equipped with ultrasonic sensors to help visually impaired users detect and avoid obstacles in real time.
Designed and implemented a GPS-based tracking system to enhance user safety and enable caregivers to monitor location accurately.
Integrated haptic and audio feedback mechanisms to improve navigation for visually impaired individuals.
Engineered a low-cost, user-friendly mobility aid combining obstacle detection and GPS tracking to improve independent movement.

3.AirDraw

[🔗 Project Link](#)

Built Air Draw, a gesture-controlled drawing web app.
Implemented real-time hand-gesture detection for actions like draw, color-change, and clear.

4.House Price Prediction

Developed a machine-learning-based house price prediction system that uses data preprocessing, feature engineering, and regression models to accurately forecast property values, allowing users to predict prices by entering key house details (e.g., area, rooms, location) using Python and scikit-learn.

Achievements

1→🏆 1st Prize – District-Level Innovation Exhibition (Senior Category){2025}

Awarded 1st Prize (Senior Category) at a District-Level Innovation Exhibition, recognizing excellence in innovation, problem-solving, and technical presentation.

2→Digi{Coders}

(In Top-5)Successfully completed the Latest Trends in IT Industry program by DigiCoders Technologies Pvt. Ltd. and achieved a perfect score of 10/10 in the assessment, showcasing excellent grasp of emerging technologies and IT trends.

3→🏆 Rank 2 – CodeSummit 2.0 (Round 1)

Secured Rank 2 in Round 1 of CodeSummit 2.0 organized by D.Y. Patil RAIT, showcasing strong problem-solving and logical reasoning skills.

4→BizQuest – Provista’25

Achieved recognition for contributing innovative solutions during BizQuest – Provista’25, enhancing business analysis and strategic decision-making skills in a national-level management competition hosted by Aryabhatta College, Delhi University.

5→Consolation Prize – District-Level Innovation Exhibition {2026}

Awarded Consolation Prize at the District-Level Innovation Exhibition for demonstrating creativity, technical understanding, and practical innovation.

6→NagrikAI Selected for AI Manthan 2026 Startup Showcase (AKTU)

My startups NagrikAI selected for the AI Manthan 2026 startup showcase at Dr. A.P.J. Abdul Kalam Technical University (AKTU), Uttar Pradesh that’s held on 27–28 January 2026 in the presence of Honorable Governor of Uttar Pradesh([Anandiben Patel](#)) .

7→Selected for India AI Impact Summit 2026 Startup: NagrikAI

- Built an AI-powered civic-tech platform that helps citizens and startups discover and access government schemes, eligibility, and services in multiple languages with AI-based form auto-fill to simplify government applications and reduce manual effort.
- [Selected for India AI Impact Summit 2026](#) to showcase the innovation and impact of the platform.

8→🏆 Winner – Ideathon (ThinkSprint 2026)Evolvera Club, KIPM

Secured 1st place for presenting an innovative technology solution demonstrating creativity, problem-solving, and technical skills.

9→Top 5 Finalist, HackIndia Web3 & AI Hackathon

Achieved 5th rank overall out of numerous teams across India. Collaborated with team 'techMiners' to brainstorm, build, and present cutting-edge Web3/AI solutions, recognized by the Founder of CSharp Inc.

Responsibility

1.Trinetra Technical Society

Sponsorship Team (Member)

2.NIFTEM–Kundli (National Institute of Food Technology Entrepreneurship and Management, Kundli)

Campus Student Ambassador

Campus Student Ambassador — Edesia 2026, NIFTEM-Kundli

- Represented Edesia 2026 as a campus ambassador, promoting event awareness and student engagement.
- Coordinated outreach activities, disseminated event information, and encouraged campus participation.
- Acted as a liaison between NIFTEM-Kundli organizers and students to streamline communication and maximize event visibility.

3.Indian Institute of Technology- E cell, Banaras Hindu University (IIT - BHU)

Campus Ambassador

Selected as a Campus Ambassador for E-Cell IIT (BHU) Varanasi, responsible for promoting entrepreneurship and innovation initiatives on campus. Actively involved in outreach, student engagement, event promotion, and building a strong entrepreneurial ecosystem by connecting students with national-level startup programs, workshops, and opportunities.
